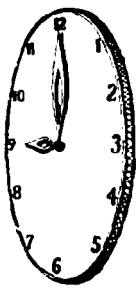
The above rates are for an initial period of three minutes.

Night and Sunday rates apply from 6 P.M. to 4:30 A.M. and all day Sunday. On calls to points in the State of Wisconsin a Family Visit Call Rate is in effect from 9 P.M. to 4:30 A.M. every night. *On Family Visit Calls you may talk for 10 minutes at the five minute rate and pay only the per minute rate for each additional two minutes over 10. The above rates were in effect at the time this Directory was published. They do not include the 10% Federal Excise Tax.*

Remember... every evening after 9 is

FAMILY VISIT TIME

for all Long Distance Calls within Wisconsin



HOW TO USE THE DIAL TELEPHONE

AT STURGEON BAY

Telephone numbers at Sturgeon Bay consist of a central office name and five numerals. Local calls may be made by dialing either the first two letters of the central office name and all five numerals, or by dialing just the five numerals. The central office name (Pioneer) must always be given to the operator when calling long distance to or from Sturgeon Bay telephones.

1. **Look up the correct number** in the latest issue of the telephone directory and jot it down for easy reference. For example, assume that the number desired is PI 3-2601.

2. Lift the receiver and **listen until you hear the dial tone,** a steady "humming" sound. This is your signal to start dialing.

3. **With the receiver off,** place your finger in the opening in the dial over the figure "3."

4. Pull the dial around until your finger strikes the stop. Release the dial and allow it to return **without interference.**

5. In the same manner, dial "2" "6" "0" and "1" in the order in which they appear in the directory.

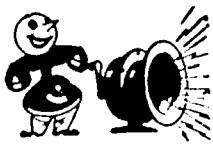
If you dial the letter "O" for the numeral "0" (zero), or the letter "I" for the numeral "1," you will reach a wrong number.

If your finger slips or an error is made while dialing, hang up for a few seconds, and then dial the complete number again.

3

SIGNALS TO REMEMBER

After you have finished dialing, you should hear the ringing signal (a burr-rr-ing sound) the busy signal (a rapid buzz - buzz - buzz sound) or —



the no-such-number signal, a series of subdued siren-like tones, telling you a mistake has been made in dialing.

If you continue to receive busy signals when dialing another party in your locality, the number may be on your line. In such cases dial "Operator" and ask for assistance.

How to Call Another Party on Your Line

To call another party on your line, it will be necessary to dial a code number instead of the directory number. If you do not have the code number of the party on your line whom you wish to call, dial 116, explain that you are calling another party on your line, and ask for the proper code.

After dialing the code number, replace your receiver to allow the other party's bell and your bell to ring. When the ringing stops, it indicates that the called party has answered.

If your party does not answer within a reasonable period, lift your receiver momentarily in order to stop the ringing.

HOW TO USE THE DIAL TELEPHONE
(Continued)

How To Make Emergency Calls

Dial the emergency telephone number as shown on the inside front cover of this directory or dial "Operator" and ask for the Fire or Police Department. Tell your story briefly, calmly, and distinctly, giving your name, the address of the emergency and the nearest street intersection.

To dial "Operator" in the dark, place your finger in the first opening below the finger stop. Then turn the dial completely around and let it return in the usual manner. When the operator answers, explain the circumstances and give her your call.

How To Make Calls from Coin Telephones

1. Lift receiver and deposit coin.
2. Listen until you hear the dial tone.
3. Dial the number wanted. (For long distance calls dial "Operator.")

Other Dial Service Suggestions

On party lines or on lines with extension telephones, if you lift the receiver and hear a series of clicks, it indicates another party is dialing and that you have interfered with his call. Tell the other party that you have interfered, and ask him to dial over again. Replace the receiver and wait until the line is not in use.

OUT-OF-TOWN CALLS

The central office name (Pioneer) must always be given to the operator when calling long distance to or from Sturgeon Bay telephones.

STATION-TO-STATION CALLS

When you want us to do nothing more than to connect you with an individual line or party line telephone or private switchboard, dial "Operator" and tell her the city, state, and telephone number.

The charge for a Station-to-Station call begins when the called telephone or private switchboard answers.

COLLECT CALLS

If you request it, the operator will ask the person you are calling if he will pay the charges. Collect Station-to-Station calls cost 5 to 15 cents more than other calls. No extra charge is made on collect Person-to-Person calls.

A request to make a call collect should be given to the operator when the call is placed, so that she can endeavor to obtain acceptance of the charges before the connection is established.

PERSON-TO-PERSON CALLS

When you want to be connected with some particular person or with a particular telephone or department reached through a private switchboard, dial "Operator." Tell the operator the city, state, and person or department wanted, and also the telephone number and extension number if you know them.

The charge for a Person-to-Person call begins when you reach the person, extension or department you want.

REDUCED RATES

Between 6 P.M. and 4:30 A.M. and all day Sunday, reduced rates are in effect. On calls to points within the State of Wisconsin a Family Visit Call rate is in effect from 9 P.M. to 4:30 A.M. every night. On Family Visit Calls you may talk for 10 minutes at the 5 minute rate and pay only the per minute rate for each additional 2 minutes over 10.

REQUESTS FOR CHARGES

If you wish to be told the charges on a particular call, make the request when you place the call or when you accept a "collect" call.

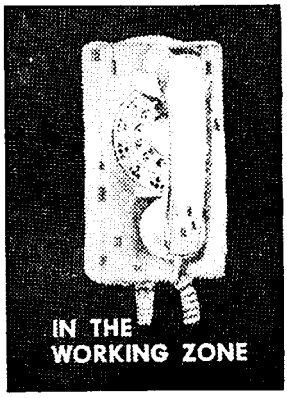
Typical Out-of-Town Rates may be found on page one of this directory.

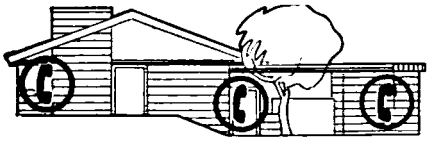
The time of day, at the originating point, when conversation starts, determines whether DAY, NIGHT AND SUNDAY, or FAMILY VISIT CALL rates apply.

smartest HOME IMPROVEMENT—

a phone for every "zone"

Smartest thing you can do to *modernize* any home is to order *plenty* of phones—one in each "zone," at *least!* Why? Because you *owe yourself* this common-sense freedom from millions of useless, hurried steps. Stop *running* to answer the phone. *Reach* for it instead. Life will be easier and happier.





modern homes have PLENTY of phones!

WISCONSIN TELEPHONE COMPANY

ABOUT 3 PENNIES A DAY! That's all it takes to enjoy another phone in your home. Just call our Business Office.

She knows her phones

and she's here to be helpful

You'll talk with a competent woman like this when you call or visit the telephone office. She's specially trained to help you, efficiently and courteously, in ordering new service, changes in class of service, directory listings and — yes, complaints, too, if something has gone wrong. Of course, *any one of* us here at Wisconsin Telephone Company will be happy to consult with you and furnish any information you may desire. But this competent young woman is especially well qualified to do so.

Modern homes have plenty of phones

Additional Phones
A phone for your kitchen, den, family-room or bedroom, is such a *sensible, smart* part of modern living. The cost? *Only about 3 pennies a day* for each additional phone.

Wall Phones
Available in seven smart colors. Enables you to fit the instrument to the particular location — kitchen, game room, shop, laundry.

Phones in 9 Smart COLORS!
Green, Yellow, Red, Beige, Blue, Gray, Ivory, Pink and White — soft fashion-right shades to match, contrast or harmonize with decorations. Available for only $7.50 one-time charge (No monthly charge.)

WISCONSIN TELEPHONE COMPANY

GENERAL INFORMATION FOR SUBSCRIBERS

Our Business Office is located at 55 S. 3rd Ave. and is open from 8 A.M. to 5 P.M., Monday through Friday. Our telephone number is PI 3-5501. Applications for service, directory listings, moves, changes, discontinuance of service, or bill inquiries should be directed to our Business Office.

Schedules of Rates Effective at the Sturgeon Bay exchange are on file at the Business Office and can be examined there.

Customers on party lines are expected to limit their conversations to five minutes at one time.

Mobile Telephone Service provides two-way voice communication between any telephone reached by the Bell System and an automobile, truck, boat, etc., suitably equipped with a mobile radiotelephone.

To place a call to a mobile telephone dial "Operator" and ask for the Mobile Service Operator.

For rates or other information regarding mobile telephone service please call the Business Office.

Emergency Calls. The Inside Front Cover of this directory shows the proper way to place emergency calls. Tell your story briefly, calmly and distinctly, giving your name, the address of the emergency and the nearest street intersection.

Patrons Are Cautioned against the possible entry into their premises of Fraudulent Persons posing as Repairmen, Inspectors or Collectors. Employees of the Company, duly authorized to install, repair and remove telephones, or collect for service, are provided with credentials. Please guard yourself against any misrepresentation by asking to see these credentials.

Directories are the property of the telephone company and are to be returned to the telephone company on request. No binder, holder, or auxiliary cover, except such as may be provided by, or with the consent of, the Telephone Company, shall be used in connection with any directory furnished by the telephone company.

The Company makes every effort to prevent errors or omissions in the publication of its directories. The Company's liability however arising from errors in or omissions of directory listings shall be limited to resulting impairment of the customer's service, and the Telephone Company may discharge such liability by an abatement or refund of an amount not exceeding the charge for the service, excluding additional message charges, during the period covered by the directory in which the error or omission occurs.

Telephone Directories of the Principal Cities throughout the Country may be obtained by any of our subscribers desiring them, on payment of the charges made by the issuing company. Prices and other information may be secured by calling the Business Office.

Telephone Attachments. The Company is responsible for satisfactory telephone service. It cannot permit the use of any equipment or other apparatus in connection with that furnished by it except as authorized in the tariffs of this Company.

A short high "beep" tone heard on the telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation by means of this recording machine connected to the telephone line.

This signal is provided by the telephone company for your protection. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects his recorder the signal is no longer heard.

The "beep" is produced automatically by the device used to connect the recorder to the telephone line. It stops when the recorder is disconnected. Use of a recorder without this signal is unlawful.

Interesting Facts about Sturgeon Bay

Compiled by
Sturgeon Bay Public Library

HISTORICAL BACKGROUND

Flanked by Green Bay and Lake Michigan, and divided by the body of water from which it takes its name, the city of Sturgeon Bay is connected to Wisconsin's mainland by its "thumb." A temperate climate, combined with natural resources which are as scenic as they are useful, have influenced the city's history and development.

It was near here, in 1835, that Increase Claflin began trading with the Indians. Within the next few years he was followed by others who settled on the east bank of the bay. At first, the settlement was referred to only as "the trading post of Sturgeon Bay," but in 1857 it was organized as the town of Otumba, and in 1860 the community adopted its present name.

The part of the city located on the west side of the bay originally was the Village of Sawyer, but in 1891 it was annexed to Sturgeon Bay. Older residents, however, still refer to it as "the Sawyer Side."

GOVERNMENT AND POPULATION

The authority of the city is exercised by a nonpartisan mayor-council form of government. The council is composed of eight members, each representing a ward of the city. They also are members of the county board of supervisors.

Sturgeon Bay's population totaled 7,054, according to official 1950 census figures. Its current population is estimated at 8,000.

BUSINESS AND INDUSTRY

Four shipyards are located in Sturgeon Bay and they employ a large percentage of the local labor force. A steamship company and a marine salvage company operate out of Sturgeon Bay, and a U.S. Coast Guard cutter is also based here.

Other local industries include a milk condensary and two dairy companies. Door County's famed cherries are processed in two Sturgeon Bay plants.

Since World War II, industries manufacturing leather goods, shoes, electric lanterns, and wood and metal products have been established here.

Sturgeon Bay has one bi-weekly newspaper and one radio station serving this area.

There are three service and 18 fraternal organizations which contribute to the welfare of Sturgeon Bay's residents.

EDUCATION, HEALTH, AND CULTURE

Public educational facilities in Sturgeon Bay include a high school, junior high school, and three grade schools, two on east side of the city, the other serving the west side.

The city also maintains a Vocational School.

Catholic parochial school needs are met by St. Joseph's School and Corpus Christi school.

Hospital facilities for local area residents are provided by the Door County Memorial Hospital with its 60-bed capacity.

The Sturgeon Bay Library, a unit of the Door County Library, serves the area with well-stocked shelves of volumes of all kinds. Visitors to the city may use the library with no charge because of non-residence.

The Door County Museum is open to the public without charge during the summer. The museum contains exhibits of approximately 5,000 items, donated mostly by private citizens.

UTILITY AND TRANSPORTATION SERVICES

The basic community services for Sturgeon Bay, including gas, water, electricity, telephone, and police and fire protection are adequately provided.

Sturgeon Bay is served by one railroad which provides freight service to the area. Additional freight facilities are provided by four truck lines.

Two inter-city bus lines furnish passenger service between Sturgeon Bay and all parts of the country.

The local dial telephone system serves 4,570 telephones. Nearly eight out of 10 Sturgeon Bay families have telephone service.

The Cherryland Airport offers facilities for private aircraft.

There are 11 miles of protected water between the mouth of the canal on Lake Michigan and Green Bay, providing an excellent refuge harbor for ocean-going vessels, lake shipping, and private watercraft.

RECREATION AND SPORTS

Sturgeon Bay lies in the heart of a diversified recreational area, midway on the 85-mile long peninsula. Two miles northwest of the city is Potawatomi State Park, one of the largest parks in Wisconsin, with its 1,046 acres offering outstanding picnic and camping facilities.

There are also five city parks, with a total of 16 acres. There is Otumba Park on the west side of the city, and Gardner, Martin, Lawrence and Sunset Parks on the east side. In addition, Memorial Drive Parkway is maintained by the city for public use.

Sturgeon Bay has one of the finest yacht harbors on the Great Lakes with complete and modern yachting facilities.

Summer swimming classes are offered at the city's two bathing beaches. The beach on the east side also has a playground and tennis courts.

During the winter, Soukop Field and three other ice rinks are available for ice skating.

POST OFFICE INFORMATION

The Sturgeon Bay Post Office is located at the corner of Louisiana Street and Fourth Avenue. Its service windows are open to the public from 8:30 a.m. to 5:00 p.m., Monday through Friday. On Saturdays, the hours are from 8:30 a.m. to noon.

The money order service is open from 9 a.m. to 5 p.m. daily, except on Saturday when it closes at noon.

A contract station for the west side of the city is located at Hagen's Shop, 22 E. Pine St.

There are two business deliveries and one residence mail delivery each day with the exception of Sundays and holidays.

The "Spirit of Service" is a tradition in the telephone business — a powerful force throughout the entire organization. It helps all employees realize how much telephone service means to everyone—how important it is to get every message through quickly. It inspires telephone workers in all kinds of jobs to devote themselves to making service satisfactory and pleasing to you in every way.

Need a mailing service? The easiest way to solve a "sticky" problem is to look in the Classified Section of the Telephone Directory. Whatever or whomever you need—antiques, buttons, carpenters, or dentist, they're all conveniently listed with name, address, telephone number. Make it a habit to look in the Yellow Pages.

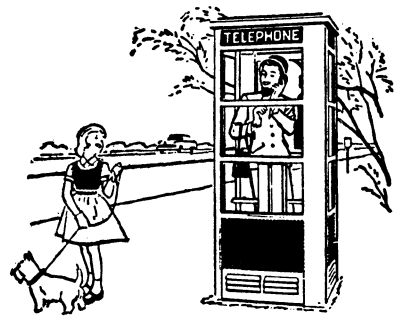
Even if you never made a call, your telephone would be worth while. For, think of the calls you receive—the news, the invitations, the opportunities, the welcome words from friends and relatives. A single call you receive may be worth more than the cost of telephone service for a long time.



Convenient . . .

Pleasant . . .

Outdoor Calling

New telephone booths conveniently located, alongside highways and in towns throughout Wisconsin, are pleasant invitations to come right in and call.

Attractive and comfortable, they are well-lighted day and night. These booths are never closed — available for your calls 24 hours a day, every day in the year.

Distance, once a barrier to spoken words, has lost its power to limit the human voice. Today words defy intervening miles, and two friends with an ocean or continent between them talk as if face to face. In thus extending the range of man's voice, the telephone performs a modern miracle. It is a part of the miracle that this is done so swiftly, so easily and so cheaply.

Even if you never made a call, your telephone would be worth while. For, think of the calls you receive—the news, the invitations, the opportunities, the welcome words from friends and relatives. A single call you receive may be worth more than the cost of telephone service for a long time.

SPEAKERPHONE TELEPHONE

Gives telephoning a "new dimension." Speak from a distance of several feet into the microphone in the telephone's base . . . hear perfectly through small speaker on desk. It is not necessary to touch or lift the hand-set even when dialing . . . or the telephone can be used in the conventional manner when preferred.

FOR ANY PRODUCT OR SERVICE

TO DO SOMETHING, BUY SOMETHING,
SELL SOMETHING, FIX SOMETHING . . .
LOOK IN THE YELLOW PAGES OF THE PHONE BOOK!

Most people do—to get information like this:

- Telephone numbers.
- Local Firm Names and Business Addresses.
- Where-to-buy nationally advertised brands.
- Where-to-fix nationally advertised products.
- Lists of all church, civic, fraternal, welfare and other organizations.
- Lists of professional men.

WISCONSIN TELEPHONE COMPANY

TELEPHONE NUMBERS FREQUENTLY CALLED

You will find it helpful to list below the numbers of frequently called business places and friends, together with any numbers not in this directory.

If this space is not ample a number booklet may be secured, without charge, by calling our Business Office.
